THE BASANT ADVANTAGES

- ◇ High strength. Zero breakage.
- ◇ Unmatched by any manufacturer in the market.
- ◇ Exact height (Because of such precision, use of mortar is reduced significantly).
- ◇ Superior finish (In many areas plastering is not required: where required, only a thin layer of one coat of plaster is adequate).
- ◇ Straight edges and corners (Leading to reduction in use of mortar by more than 50%) and facilitates quick construction.
- ◇ Loaded and Unloaded by crane mounted truck only.
- ◇ Available in grey, single colour and colour blended options.

COLOURED BLOCKS FOR A WAREHOUSE

UNPLASTERED BLOCKS FOR AN OFFICE BUILDING
